

## Extra Secure Spin Lockout with 1.5 m Cable and Tool

### Overview

Effectively lock out many types of difficult-to-secure isolation points, including valves, handles and oversized devices, with this versatile cable lockout solution.

- Can be stored with the machine or at the point of need without cluttering space thanks to its small footprint
- Extremely adaptable functionality means this one device can take the place of multiple application-specific devices, saving time and storage space
- Three colours available to help differentiate isolation points, energy or equipment in your facility
