

The innovative SB[®] connectors provide cost-effective reliability, design flexibility and safety for your products' manufacture, installation and maintenance.

APP's 2 pole connector is available with a 200 amp rating, 600 Volts continuous AC or DC operation. With the addition of the extended range contact, this robust connector will now accept wire sizes from #1 to #6 AWG (42.4 to 13.3 mm²), giving user more current capability. Mechanical keys ensure connectors will only mate with connectors of the same color. Different color housings are selected to identify voltages, thus preventing mismatching of the power supply system.

FEATURES

- Molded Side Grooves**
Allows for a secure panel mounting fit
- Mechanical Keyed Housings**
Prevents accidental mating of components operating at different voltage levels
- Single-piece Housing and Unitized Construction**
Provides industrial quality and durability
