

Hinges • elongated on one side
25165.0035

Product Description

The different versions cover many applications that require a low load. These metal hinges are characterised by their simple design and the different versions:

- without bores
- with bores
- with bores for countersunk screws

The version without bores can be assembled by welding or by inserting a specific drilling pattern.

Material

Body

- Stainless steel 1.4301

Axis

- Stainless steel 1.4301
