

21-Nov-2023

PCN #: PCN-23-192708

Subject : Super Seal Connector Cap Housing 26Pos/34Pos/60Pos

Description of Change : The Industrial and Commercial Transportation business unit of TE Connectivity is adding second source material supplier for Super Seal Connector Cap Housing 26Pos/34Pos/60Pos to make supplier chain safe for the part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) are not affected.

Reason : Dear Customer, we hereby inform you of this change. The change is needed as a result of global demand in excess of PBT/PET and the available capacity of our suppliers. The 2nd source material does not impact performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

Key Dates :
