

This new innovation is a cavity wall rack that has been specifically designed for Smart Home applications.

-  Made from 1.5mm steel
-  Finished in either a Black Textured Paint or a Cream Textured coating
-  Fitted with a steel frame locking bronze tinted vision door
-  Optional un-framed 6mm thick Tinted Plexi-Glass Door with lock (can also be mirrored)

**CAVITY WALL RACKS**

# RWB-08

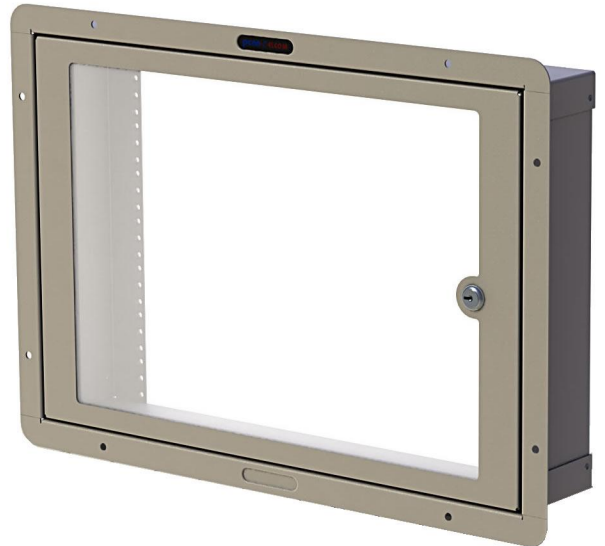

MODEL	HEIGHT	OD	WALL HOLE SIZE
RWB-08	8U High	390mm x 583mm x 107	360mm x 535mm

10/32" Pre-threaded rail is set back inside by 100mm to allow for Cat 5/6 cable management and Wireless routers can be placed just inside the glass door to ensure a strong non reflected transmission.
