

ULTRATEC machinist's hammer

3-component handle

Execution:

- handle inseparably connected with the hammer head
- non-slip elastomer grip layer
- hammer head made from quality steel in line with DIN 1041
- handle with unbreakable fibre glass core and ergonomically shaped PP base layer

Advantage:

- reduced vibration for fatigue-free work

Art. no.	51186 110
Brand	PEDDINGHAUS
Manufacturer Part Number	5039981000
Weight of head	1 kg
Length	360 mm
Material of long handle	Three-component plastic
Handle fastening	Glued
Gross Weight	1.190 kg
Product Group	520

EAN

4016134506772
