

## Quick-change insert

With safety coupling

**ORION**<sup>®</sup>

### Application:

For quickly changing screw taps without having to use a wrench. Quick-change inserts with safety friction clutch are used to prevent tool breakage caused by overload.

### Execution:

- Precise quick-change insert with adjustable and almost wear-free ball safety coupling for protection against damage when tool becomes blunt or comes into contact with bottom of the hole.
- Inserts with safety friction clutch come with preset torque values for machining steel up to 800 N/mm<sup>2</sup>.
- For blind holes.

### Advantage:

- Increased tool service life.

### Delivery:

1x quick-change insert with safety clutch.

<b>Art. no.</b>	<b>21566 270</b>
<b>Brand</b>	ORION
<b>Manufacturer Part Number</b>	21566270
