

Reducing sleeves

Sealed for internal coolant feed, concentricity ≤ 0.005 mm

ORION[®]

Application:

For reducing the clamping diameter.

Execution:

- Sealed for internal coolant feed up to 80 bar pressure.
- Suitable for all expansion chucks and power chucks.
- Ground.

Delivery:

1x reducing sleeve.

Art. no.	23334 204
Brand	ORION
Manufacturer Part Number	23334204
Chuck clamping diameter	12 mm
Clamping diameter	8 mm
Collar diameter	16.5 mm
Insertion depth	26 mm
Length	48 mm
Concentricity tolerance	5 μ m
Coolant supply	Yes
Gross Weight	0.036 kg
Product Group	2AL

EAN

4053625473700
