

Sanding disc surface planer

Type 9010

ATORN[®]

Application

For sharpening and surface planing of abrasive discs made of corundum and silicon carbide

Version

- Extra hard binding
- unprocessed

Advantage

- Extra hard binding for easy surface planing

Art. no.	69300 000
Grain size	16
Grid size	16/60
Form	Rectangular
Surface structure	Raw
Material of abrasive medium	Dark silicon carbide
Binding	Ceramically bound
Length	100 mm
Width	25 mm
Height	13 mm
Length x width x height	100 x 25 x 13 mm
Number of pieces per packet	1

EAN-Code

4050293741681
