

Micro-abrasive tube brush

Flexible brush tools with high efficiency

ATORN®

Application

Use in CNC and NC machines and machining centres. Perfect for deburring cross-drilled holes, control parts, O-ring grooves and cylindrical workpieces, cleaning condensers and smoke tubes as well as roughening surface coatings.

Version

- Flexible trim made from silicon carbide or aluminium oxide

Advantage

- Micro-abrasive tube brushes are also flexible in smaller diameter ranges
- Can be used for a wide range of diameters, unlike conventional deburring tools

Art. no.	76087 010
Grid size	SIC 1000
Head diameter	1.2 mm
Length	100 mm
Filling length	12 mm
Shaft diameter	0.47 mm
Max. rotation speed	500 rpm
Number of pieces per packet	12

EAN-Code
