Hinges · elongated on one side

25165.0170

Product Description

The different versions cover many applications that require a low load.
These metal hinges are characterised by their simple design and the different versions:

- without bores
- with bores
- with bores for countersunk screws

The version without bores can be assembled by welding or by inserting a specific drilling pattern.

Material

Body

- Stainless steel 1.4301

Axis

- Stainless steel 1.4301
