## Play the long game

**A modern feature phone with Bluetooth and a battery like the good old days.**

Boasting a timeless design with modern touches, Nokia 215 4G makes quite an entrance. It's got durability. It's got Snake. And, of course, it's got a battery that lasts. Hook it up with Bluetooth® and get the music going. Plus, the new Cloud Apps service brings you videos, news and more.

### Say "goodbye" to boredom

Hook your Nokia 215 4G up to Bluetooth® speakers or earbuds and get the tunes going with the MP3 player<sup>1</sup> or FM radio. Up for a challenge? Fire up the Snake game. Your high score won't beat itself.

### Durable by design

Nokia 215 4G can take a few knocks, just like the old phones. And although it gives you those retro vibes, its striking design and vibrant colors are unmistakably modern. It's the best of both worlds.

### Day in, day out.

Charge less and live more. With plenty of battery life, Nokia 215 4G can power on and on for days.

### Your content needs are covered

The all-new Cloud Apps brings together news, weather, and YouTube Shorts, all in one place. It's quick and simple to use and looks great on the 2.8" LCD display.
