

## hard foam insert equipped with tools, combination spanner set

width x depth 490 x 265 mm

### Application

For flexible and modular equipping of drawers from the ANKE workbenches series V (no. 50201; 50202; 50203; 50236; 50284).

### Version

- two-tone foam inserts made of polyethylene (PE) equipped with tool assortments
- resistant against most oils and chemicals due to closed cells
- The PE foam is lightweight, resistant, durable, odour-neutral and even food safe
- A tool insert fills half of the drawer space with an inner dimension of 500 x 540 mm
- Two tool inserts fill the entire drawer space with an inner dimension of 500 x 540 mm

### Advantage

- Clearly arranged, organised and protected storage of tools in the drawers
- Accurately fitting cut-outs in contrasting blue make it easy to spot when tools are missing and help to prevent loss of tools
- Expensive tools can be stored securely and safely in the insert
