Toner for use in

Konica Minolta Bizhub 164, 184
(TN-116)

The Bizhub 164 and 184 are two very compact desktop MFP's which are designed to surpass the international Energy Star Standard (Tier2). Thank to their light-weight design even relocation of these two MFP's can be done quickly and easily. Both devices combine printing, copying and scanning functions and are capable to print A4 and A3 format at 600 x 600 dpi with copy speeds of 16 (Bizhub 164) respectively 18 ppm (Bizhub 184).

With their compact footprint and output paper tray that sits within the main unit these two devices are perfect for desktops and other locations where space is limited. Due to their competitive price these devices are largely populated in markets with relatively low purchasing power. Printing-cost of both of these devices can be significantly reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium-Quality compatible toner (made in Japan).

Advantages & Benefits

- ▶ OEM equivalent performance and image-quality.
- ▶ Significant reduction of cost per copy.
- ▶ Sourced directly from the manufacturer.
- ▶ Also as bulk toner available for local filling.
- ▶ Technically supported by the toner manufacturer.
- ▶ Competitively priced premium quality product.
- ▶ Deliverable from Warehouse in Pfedelbach/Germany (near Stuttgart).
- ▶ Free of charge samples for testing.
- ▶ Selective distribution through competent reseller only.

Technical Features

Features	Konica Minolta (OEM)	CROSS
