

Smart Probes complete set

for heating, air conditioning, refrigeration and ventilation

Application:

Ideal composition for heating, air conditioning, refrigeration and ventilation for performing functional checks or system maintenance.

Execution:

- 2x 46105500 testo 115i - Clamp thermometer
- 2x 46109200 testo 549i - High pressure gauge
- 2x 46107020 testo 605i - Thermal hygrometer
- 1x 46105620 testo 915i - Thermometer with air sensor
- 1x 46135210 testo 805 i - Infrared thermometer
- 1x 46210300 testo 405i - Thermal anemometer
- 1x 46210320 testo 410i impeller anemometer
- 1x 46109005 testo 510 differential pressure gauge
- 1x testo Smart Case storage bag

Advantage:

- responsive, wireless temperature measuring instrument
- Smart App enables intuitive operation
- clear presentation of measured data
- Documentation and log dispatch directly on site
- compatible handle for connecting standard thermocouple sensors (Type K)

Delivery:

Measuring instruments including batteries and calibration logs, in soft case with foam insert

Art. no.	46210 850
Brand	TESTO
Manufacturer Part Number	0563 0002 32
Gross Weight	2.090 kg
Product Group	4CF

EAN

4029547024085
