

Housing H-B ULTRA: for higher functional reliability

Product Description

Optimum, low-resistance 360° screening; All-purpose due to high corrosion resistance and high environmental protection.; Space-saving due to compact dimensions; Faster than any other comparable system; High mechanical resistance

Application range

- In EMC-sensitive environments
- For fixed and flexible applications (e.g. machinery building, wind turbines)
- Construction machinery
- Electric motor manufacturing

Benefits

- Optimum, low-resistance 360° screening
- All-purpose due to high corrosion resistance and high environmental protection.
- Space-saving due to compact dimensions
- Faster than any other comparable system
- High mechanical resistance

Product features

- Resistance to cyclic salt spray is tested according to IEC 68-2-52, severity level 2
- The hoods and surface-mount base are supplied with integrated SKINTOP® cable gland
- Housings with the BRUSH addition come with BRUSH cable screen contacting
- Pluggable with standard housings
- Corrosion-resistant according to DIN EN 6988

Technical Data

Material

Housing: nickel-plated zinc die-casting Lever and bolts: stainless steel Sealing: NBR
Cable gland Body: nickel-plated brass Insert: PA
Seal: special elastomer

Temperature range

-40°C to +100°C

Protection rating

IP 65
