DESCRIPTION AND PURPOSE OF CHANGE:

To improve the processability, Würth Elektronik will change the toroidal core fixation within plastic case. All products with date code 2018-08-18 or later, will be affected by this change.

DETAIL OF CHANGE:

Before the change, the toroidal core was applied inside the plastic case and the two parts of the case were fixed together by one layer of tape. After the change, the tape will be removed and the toroidal core will be fixed inside the plastic case by silicone paste. It will be proceeded with 3 dots each core side, to fix the core to both parts of the case.

The new glue material will be silicone paste 9331 with UL File number: E306078. There will be no change in fit or function of the product.
