

Standing system workstation

Basic version

CLIP-O-FLEX®

Application:

Suitable for assembly, logistics, measuring and production workstations. When outstanding productivity and ergonomics are needed. Full integration of the CLIP-O-FLEX® interface to optimise workflows through flexible workstation design. Easily expandable with CLIP-O-FLEX® trays, boxes, tool holders and other accessories.

Execution:

- Modern 10 mm HPL worktop
- CLIP-O-FLEX support rail on side and front
- 1x CLIP-O-FLEX multi-purpose supply station
- Multiple socket outlet with three safety sockets

Art. no.	50237 332
Brand	CLIP-O-FLEX
Manufacturer Part Number	8796604
Type	Standing
Worktop width	1470 mm
Working height	900 mm
Worktop thickness	10 mm
Worktop depth	695 mm
Height	1020 mm
With lighting	No
With rollers	No
Anodised	Yes
Load-carrying capacity	400 kg
Material of worktop	Hard pressure laminate board
Width	1500 mm
ESD-capable	No
Made in	Austria
Operating voltage	230 V/AC
Current consumption	16 A
Depth	800 mm
Adjustable in height	No
Included in delivery	Fully assembled workstation, on pallet, 2 m ready-wired supply line, safety plug, incl. upper structure
Gross Weight	136.000 kg
Product Group	586
