SUBJECT: CDE Product Lead Time Notification

DATE: September 17, 2012

Available immediately for download from Cornell Dubilier's Worldwide Infocenter – www.cde.com – we have posted an excel file with product lead times at the part number level. This information should be used mainly for quoting purposes and to assist your purchasing department in the planning and scheduling of orders. Actual deliveries will be confirmed upon order entry. Please share this information with the appropriate personnel in your organization.

Please see the attached excel spreadsheet identifying the effected product series. A complete list of part numbers with the revised lead times is available on the CDE Infocenter.

If you have any questions or problems downloading the file, please contact Lori Peixoto at 508-996-8561 ext. 238. Any other questions should be directed to my attention.

Best regards,
