

Description:

Metal fuel cans PREMIUM 10 L, olive, with UN certification for petrol, diesel and other hazardous goods

- with UN certification for transporting hazardous goods
- Powder coated, suitable for ethanol fuel E10 and manufactured using 0.9 mm steel
- Minimal draining time as a result of wide vent duct
- heat sealed handles provide extra strength
- special holes in the handle allow spout to be attached with clip and screws
- High-quality inside paint protects against rust and decomposition of the contents in longer storage in filled condition
- Screw cap (thread M45x3) made of galvanised steel with corrugated surface for slip-resistant opening and closing. Integrated magnet holds the cap during use.
- for the labelling (according to GHS regulation and ADR) of canisters filled with fuel, we recommend our hazard identification labels Art.-No. 306100
- separate accessories: Discharge pipes with screw cap, canister holder Art.-No. (435600) and hazard identification labels (306100)
- Certification No 3A1/X/250/.../D/BAM 14002-VP d=depth=165 mm w=width=345 mm h=height=275 mm
