

13-Jun-2019

PCN #:E-19-008751

Subject:PDL header and Universal power header

Description of Change: Alternate raw material is added having equivalent performance

Reason: Product Improvement. Adding a second resin to accommodate market constraints. There are no performance changes. Representative parts with new material have been finished the qualification tests with the results that meet the performance requirements of product specification. Material certification and test report are available upon request to your local TE Connectivity Sales Engineer

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
