

Precision circlip pliers, straight

For inner retaining rings

Application:

For mounting and removing inner retaining rings in drill holes.

Execution:

- Chrome-vanadium electric steel, forged, oil-hardened
- Inlaid tips, spring steel wire, drawn

Advantage:

- Safe working processes with inlaid tips
- For heavy-duty use, even in continuous operation, up to 10x longer service life compared to turned tips

Art. no.	53091 500
Brand	KNIPEX
Manufacturer Part Number	48 11 J0
Type	J 0
Length	140 mm
Suitable for min./max. diameter	8-13 mm
Head design	Straight
Surface	Grey agramentised
Material of handle	Polyvinyl chloride
Gross Weight	0.107 kg
Product Group	535

EAN

4003773048510
