

Euro roller with push handle made of powder-coated steel

For Euro formats: 600 x 400 mm or 2x 400 x 300 mm

fetra
Transportgeräte

Application:

For transporting Euro containers, for constant industrial use.

Execution:

- Angle steel design with tubular push handle
- the front of the frame opposite the push handle is open (without rim), allowing boxes to be pushed on and/or pulled off (50267177)

Advantage:

- Safe transport of Euro containers thanks to precisely dimensioned frame
- Durable thanks to robust design

Art. no.	50267 177
Brand	FETRA
Manufacturer Part Number	13587
Load-carrying capacity	250 kg
Type	open frame
Loading surface size	605 x 405 mm
Loading surface length	605 mm
Loading-surface width	405 mm
Material of wheel	TPE
Loading-surface height	182 mm
Wheel diameter	125 mm
With wheel lock	Yes
Number of steering rollers	2
Number of fixed rollers	2
Surface	Powder-coated
Colour	Brilliant blue RAL 5007
Gross Weight	11.000 kg
Product Group	5AB

EAN

4017976413587
