

Cemented carbide milling bit

Shank diameter: 3mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76008 036
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952057
Form	Cylindrical
Cutting edge length	10 mm
Length	40 mm
Serration type	63
Model	TCA 0403
DIN	8033
Gross Weight	0.002 kg
Product Group	761
