### Technical Data

|  |   |                             |
|--|---|-----------------------------|
| Operating current rated value                            | A | 20                          |
| Operating voltage rated value maximum                    | V | 230                         |
| Switching capacity active power                          | W | 3 680                       |
| Switching capacity current                               | A | 20                          |
| Number of switching outputs maximum                      |   | 12                          |
| Suitability for use switching of C load                  |   | Yes                         |
| Suitability for operation Multiphase operation           |   | Yes                         |
| Mounting type  |   | modular installation device |
| Product extension can be installed supplementary devices |   | No                          |
| Product function direct operation                        |   | Yes                         |
| Number of width units                                    |   | 12                          |
| Protection class IP                                      |   | IP20                        |
| Display version LED                                      |   | No                          |
| Number of digital inputs                                 |   | 0                           |
| Bus coupling Integrated                                  |   | Yes                         |

## Certificates/approvals

|                                 |                                  |              |
|---------------------------------|----------------------------------|--------------|
| <b>General Product Approval</b> | <b>Declaration of Conformity</b> | <b>other</b> |
