

GRAFIX PICCOLO NO. 32132.00

Application

Cut, deburr - and convince!

Whether in the office or in your free time, whether for graphic designers, handymen or model builders, the GRAFIX PICCOLO provides valuable services everywhere. You can use this aluminium tool just as well for cutting and deburring. The handy grip and the available blades are retractable. For your safety.

GRAFIX TIP CUT NO. 490.00

Cutting instead of writing. Your „Pen“ with a blade.

Even something like this is available at MARTOR: Just as in the case of a ball-point pen, you press the pusher at the top – and the blade comes out at the bottom. Since the GRAFIX TIP CUT can be guided just as accurately as a pen, it is suitable for all delicate and sophisticated cutting work. For example, for cutting through paper, foil or textiles. Similarly, you can sink the blade back into the handle by pressing the pusher. It cannot get easier than this.

PRODUCT FEATURES NO. 32132.00

Technical features

Main cutting materials

ACCESSORIES

	USED BLADE CONTAINER	NO. 9810.08
	WALL MOUNT BRACKET USED BLADE CONTAINER	NO. 9845.06
