## **SIEMENS**

Data sheet 3LD2217-1TL11

MAIN SWITCH 3-POLE IU=25, P/AC-23A AT 400V=9,5KW WITH DEFEATABLE DOOR COUPLING ROT. MECHANISM BASE MOUNTING TOP-HAT RAIL/TWO HOLE MOUNTING ROTARY MECHANISM BLACK

| Model  |     |                                  |  |
|--|-----|----------------------------------|--|
| product brand name                                       |     | SENTRON                          |  |
| Product designation                                      |     | Main and EMERGENCY-STOP switches |  |
| Design of the operating mechanism                        |     | knob-operated mechanism, black   |  |
| Type of the driving mechanism / motor drive              |     | No                               |  |
| General technical data                                   |     |                                  |  |
| Number of poles  |     | 4                                |  |
| Type of device   |     | fixed mounting                   |  |
| Protection against electrical shock                      |     | finger-safe                      |  |
| Mechanical service life (switching cycles) / of the      |     | 100 000                          |  |
| main contacts / typical                                  |     |                                  |  |
| Operating frequency / maximum                            | 1/h | 50                               |  |
| Voltage  |     |                                  |  |
| Insulation voltage / Rated value                         | V   | 690                              |  |
| Surge voltage resistance / Rated value                   | V   | 6 000                            |  |
| Protection class   |     |                                  |  |
| Protection class IP                                      |     | IP65                             |  |
| Electricity  |     |                                  |  |
| Continuous current / Rated value                         | Α   | 32                               |  |
| Short-time current resistance (lcw) / at 690 V / limited | Α   | 640                              |  |
| to 1 s / Rated value                                     |     |                                  |  |
| Main circuit   |     |                                  |  |
| Operating frequency                                      |     |                                  |  |
| • initial value  | Hz  | 50                               |  |

| • Full-scale value   | Hz  | 60   |
|--|-----|------|
| Operating power  |     |      |
| • at AC-23 A / at 400 V / Rated value                                  | kW  | 11.5 |
| • at AC-23 A / at 690 V / Rated value                                  | kW  | 11.5 |
| • at AC-3 / at 400 V / Rated value                                     | kW  | 9.5  |
| • at AC-3 / at 690 V / Rated value                                     | kW  | 9.5  |
| Operating voltage  |     |      |
| • with AC / at 50/60 Hz / Rated value                                  | V   | 690  |
| Operating current / at AC-21 / Rated value                             | Α   | 32   |
| Auxiliary circuit  |     |      |
| Number of CO contacts / for auxiliary contacts                         |     | 0    |
| Number of NC contacts / for auxiliary contacts                         |     | 0    |
| Number of NO contacts / for auxiliary contacts                         |     | 0    |
| Operating voltage / of the auxiliary contacts / with AC / maximum      | V   | 500  |
| Continuous current / of the auxiliary contact / Rated value            | Α   | 10   |
| Insulation voltage / of the auxiliary switch / Rated value             | V   | 500  |
| Suitability  |     |      |
| Suitability for use  |     |      |
| Main switch  |     | Yes  |
| switch disconnector  |     | Yes  |
| EMERGENCY OFF switch   |     | No   |
| • safety switch  |     | Yes  |
| • maintenance/repair switch  |     | Yes  |
| Product details  |     |      |
| Product feature / interlock  |     | Yes  |
