- 1. Specify a bezel color code in place of □ in the Part Number: 1 (black bezel), 4 (metallic bezel).
- 2. On the spring-returned models, the key can be released only from the maintained position. On the maintained models, the key can be released from any position. Key retained positions are also available. See below.
- 3. Two keys are supplied.
- 4. Key cylinder material: Metal
- 5. Besides the standard key (key number 0H), six other keys are also available. See below.
- 6. For the contact block mounting position, see page 14.
- 7. For dimensions, see page 17.
- 8. When ordering an optional key or optional key retained positions, specify designation codes as shown below:

Example: CW1K-2AE10-1H

A: Removable in all positions

B: Removable in left onlyC: Removable in right only

Note:

Key number is indicated on the key cylinder. Standard keys do not have a key number indication.

3-position

- A: Removable in all positions
- B: Removable in left and center
- C: Removable in right and center
- D: Removable in center only
- E: Removable in right and left
- G: Removable in left only
- H: Removable in right only

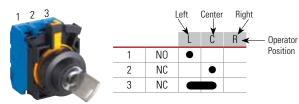

Note: Key is retained in all spring-returned positions.
