is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report 38492** 

for the following articles:

Dyed and printed garments made from cotton, polyester, polyamide, Modal, elastane, polyacrylic, wool, polyurethane, viscose, carbon, Cordura®, Tencel®, Kevlar® and blends of these fibres. Including accessories: threads, labels, badges/logos, zips, buttons, linings, tapes, plastic and metallic components, hook and loop fasteners, elastic, webbing, foam, padding and ribbons. Partially based on pre certified material according to Oeko-Tex® Standard 100. Some garments may contain flame retardant products approved by Oeko-Tex®.

The results of the inspection made according to Oeko-Tex<sup>®</sup> Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 23.04.2016
