

## CNC tool shelf

### Application:

For clearly-laid-out storage and retrieval of CNC tools. Customised fitting with support profiles, no. 50658 110-158 and tool holders, no. 50655 020-126.

### Execution:

- Sturdy steel sheet metal structure, made of steel sections, welded
- Can be installed back to back or side by side in a row
- Depending on the protruding length of the tools, the shelf can be fitted with up to 7 levels (support profiles)
- Do not exceed max. load capacity of 50 kg per level (support profile)
- For heavy tools and attachments, we recommend our HK cabinets no. 50658 020-045/50658 005-016 with load-bearing capacities of up to 1000 kg

### Advantage:

- Flexible storage of various tool holders
- Tool holder no. 50655 020-126 can also be used in the shelf if hook-in profile ident. no. 165 is installed

### Delivery:

Does not include support brackets, hook-on profiles or support profiles, these must be ordered in addition to the shelf

<b>Art. no.</b>	<b>50658 052</b>
<b>Brand</b>	HK
<b>Manufacturer Part Number</b>	50658052
<b>Depth</b>	513 mm
<b>Width</b>	1019 mm
<b>Height</b>	1740 mm
<b>Material</b>	Sheet steel
<b>Gross Weight</b>	38.000 kg
<b>Product Group</b>	507
