

Flat sanding disc

ORION[®]

Advantage

- Low wear
- Cool grinding
- Smooth cutting

| | |
|------------------------------------|--|
| Art. no. | 69496 621 |
| Brand | ORION |
| Manufacturer Part Number | 69496621 |
| Washer diameter | 200 mm |
| Washer thickness | 20 mm |
| Material to be processed | Non-alloy and low-alloy steel, hardened, Non-alloy and low-alloy steel, unhardened, High-alloy steel, hardened, High-alloy steel, unhardened |
| Form | 1 |
| Material of abrasive medium | White fused aluminium oxide |
| Surface structure | Fine |
| Grid size | 80 |
| Binding | Ceramically bound |
| Bore diameter | 51 mm |
| ISO | 525 |
| Number of pieces per packet | 1 |
| Machining method | Flat grinding |
| Gross Weight | 1.255 kg |
| Product Group | 6LO |
