

Cemented carbide milling bit

shaft diameter 6mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76011 216
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952204
Form	Cylindrical shape
Cutting edge length	20 mm
Length	65 mm
Serration type	63
Model	TCC 0806
DIN	8033
Gross Weight	0.030 kg
Product Group	761
