

## Tool cabinet with 5 vertical pull-outs

For particularly space-saving storage of CNC tools

### Execution:

- Robust design made of 3 mm steel sheet
- Sturdy plastic rollers with needle bearings that withstand heavy loads
- Includes tool holders with receptacles for optimum use of space and precise fit
- Access on both sides reduces the injury risk
- Drawers separately lockable and with label field for easy identification
- Lateral fork pockets for quick and easy relocation using a pallet truck or fork lift truck
- Store up to 240 metal cutting tools over a width of 1040 mm
- Variable attachment of tool holders in holes with 25-mm hole spacing
- Other paint colours deliverable on request.

### Advantage:

- Clean, secure and careful storage of all common drilling and milling tools
- Optimum visibility and quick access thanks to a unique system with plastic holders
- Maximum load-bearing capacity and steady drawer guidance with revolving wheels
