

Ideal shears D 08 L, left-cutting

With lever transmission and especially flat head for the smallest radii

Erdi

Application:

For straight continuous and shaped cuts.

Advantage:

- Especially flat cutting head allows cutting of very tight curves in hard-to-reach areas
- Micro-serrated blade for non-slip cutting
- Noticeably reduced force application thanks to double lever ratio
- With ergonomic two-component handles for a secure hold, even when high force is used

Art. no.	53680 650
Brand	ERDI
Manufacturer Part Number	D08L
Length	230 mm
Cutting direction	Left-hand cutting
Material of handle	2-component plastic
Gross Weight	0.391 kg
Product Group	552
