

ESD Heel Strap with Hook and Loop

Features

- Hard wearing heel grounders designed for long term use
- Hook and Loop fastening
- Double layered conductive cup (3.5mm x 230mm)
- Each heel grounder incorporates a 1 Meg Ohm safety resistor
- All Heel Grounders are designed for use in conjunction with ESD flooring or mats
- Recommended to be worn on both feet
- Reusable and can be washed by hand in mild detergents
- Conforms to the requirements of ANSI/ESD S-20.20, EIA 625

Image shown for illustration purposes only.

Notes: The heel grounder must be tested from time to time using the footwear test station.

Specification

| Details | |
|----------------------------------|------------------------|
| Outer conductive surface (black) | $10^3 - 10^5 \Omega$ |
| Inner anti-static surface (grey) | $10^7 - 10^8 \Omega$ |
| Conductive tab (red) | $10^3 - 10^4 \Omega$ |
| Overall resistivity | $10^6 \Omega$ |
| Resistance | 1Meg resistor built in |
