

Three-arm puller, extra slim hook, with quick-adjustment knurling wheel

With puller hook in standard lengths, key operation

Application:

For universal internal and external extraction of gear wheels, ball bearings, bearings etc.

Execution:

- Strong version, special steel
- Strong spindle and movable spindle tip
- Spindle head with collar (anti-slip protection)
- Sliding puller hooks (that remain parallel) and large contact surfaces for smooth pulling tasks

Advantage:

- Particularly secure hold on the part being removed thanks to even load distribution
- Can be used as external and internal extractor
- Quick to loosen and move the hooks using the manual setting knurl without the need for a screw wrench
- With slim puller hooks for narrow gaps

Art. no.	55003 540
Brand	KUKKO
Manufacturer Part Number	30-3+S
Extractor design	Quickly adjustable, narrow hook
Max. clamping width	250 mm
Max. clamping depth	200 mm
Gross Weight	9.326 kg
Product Group	5JA

EAN
