

Part number 6900 EPA

Service case made from conductive material for operation tasks in ESD protected areas with a full assortment of special ESD tools.

For use at electrostatically endangered components and plants.

Content: Part No. 2-101, 2-265-1, 2-265-2, 2-620, 3-654-15, 3-671-15, 3-682-15, 3-133-13, 3-245-13, 3-732-13, 4-603, 4-605, 4-606, 4-621, 4-622, 4-623, 4-632, 4-633, 4-662, 4-663, 5-191, 5-192, 5-194, 6-612, 6-617, 6-621, 6-659, 6-661, 6-662, 6-663 L, 6-665 L, 7-422

The body of the case, the tool trays as well as the bottom tray with adjustable partitions are made from conductive material according to DIN EN IEC Norm 10 00 15 part 5.

Article description 6900 EPA
Service case with tool set
32 ESD tools

Characteristics:

Practice tip Outside dimension 500 x 370 x 210 mm

Weight 7.100 kg

Customs Tariff Number: 82060000

EAN Number: 4250838500548
