

Spring balance

Series 546

Mitutoyo

Application:

For testing and setting control elements with adjustable friction moments, contact forces in electrical switch gears and regulating and controlling elements in motor vehicles.

Execution:

- Split dial for measuring in both directions.

Art. no.	32025 188
Brand	MITUTOYO
Manufacturer Part Number	546-133
Min./max. force of measuring range	10-100 mN
Scale value, force	5 mN
Sensor length	43.5 mm
Weight	56 g
Gross Weight	0.090 kg
Product Group	3MA

EAN

4946368362649
