	Sheet	38.00 x 19.50	

Product Description

No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. WypAll® L10 professional wiping paper products are designed for the specific environments where they will be used, helping enable you to deliver on your wiping task every time. These centrefeed roll disposable paper wipes are 1 ply, mid-size yet high capacity with 800 disposable paper wipers per wiping roll. The design of these centrefeed rolls is aimed to support portability for light duty wiping in areas such as food preparation and service surfaces. Embossing technology in the wiping paper gives these cleaning wipes a great balance of performance and value. To be used once with detergent or disinfectant, these dry cleaning wipes have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe own work spaces, vehicles, desks, seating and food prep areas before and after use. Spray and wipe also helps to enable production workers to clean down/sanitise individual workstations before hand-off to next shift. For environments where fully saturated wiping is a requirement, these WypAll® wiping rolls are tested as compatible with soap/detergent. Always follow manufacturers instructions for dilution, application and contact time. These wiping paper rolls are compatible with the quick-loading, versatile and easy-clean Aquarius™ centrefeed roll dispensing system (7017). Our touch free dispensers reduce the risk of cross contamination. Individual sheet size 38cm (L) x 19.5cm (W). WypAll® Food & Hygiene centrefeed rolls are also available in blue (7255). 6 rolls x 800 sheets, 1 ply, white (4,800 total)

Product Features

- Each WypAll® L10 centrefeed roll contains 800 wiping paper sheets
- Dry cleaning wipes designed for light duty hygiene wiping and perfect for tasks like cleaning food preparation and service surfaces
- Centrefeed paper rolls designed for use with centrefeed dispensers
- Compatible with Aquarius™ centrefeed roll dispenser (product code 7017)
- Single use wiping paper suitable for food contact
- Embossing technology in the wiping paper gives these cleaning wipes a great balance of performance and value
