

LCS-PS112

3-Port Printserver

1 x Parallel Port

2 x USB 2.0 Port

The LCS-PS112 Printserver connects your Printers directly to the Network and gives every workstation in the network access for printing. The LCS-PS112 provides 2 x USB printerports and 1x Parallel printerport enabling three Printers to share the whole Network. Easy and fast to configure with the PS-Admin-Tool. The LCS-PS112 is the right solution for small offices but also a Enterprise solution for Printerfarms.

Features:

- ◆ PS-Admin-Tool for configuration
- ◆ Bi-directional communication
- ◆ DHCP Client
