Toner for use in

Konica Minolta Bizhub C452, C552,
C652, C652DS (TN-613)
Develop Ineo +452, +552, +652

With the Bizhub C452, C552 and C652 MFP's Konica Minolta has introduced three high speed colour Multifunctionals for workgroups and departments. The equivalent devices were also introduced as Ineo +452,+552 and +653 under the brand of Develop.

With printings speeds of 45, 55 and 65 ppm in colour respectively 55, 65 and 75 ppm in b/w at 600 dpi these three integrated devices can do a lot more by offering customers comprehensive yet highly individual solutions that integrate fully into the existing workflow. The resulting synergies not only enhance the overall productivity but also provide customers with an effective competitive edge.

Printing-cost of these devices can be reduced significantly without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible colour-toner which is deliverable as finished product in cartridges or in bulk for re-filling of empty OEM cartridges.
