- Low rear profile
- No soldering or punch termination. Use standard cable for each connector style

RS PRO DisplayPort Feedthrough Connectors

RS Stock No.: 0179914, 0179916, 0179918, 0179920, 0179919, 0179915

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This feedthrough connector is a full-sized female to female DisplayPort in a frame to allow panel mounting in a standard Ø24mm XLR cut out. Frames can be either plastic or metal and various hole mounting options are available. These feedthrough connectors can be front, or rear mounted on the panel, and are suitable for use with standard DisplayPort cables.

Please note: Functionality is affected by cable quality, length, and cable wiring configuration.
