LTD Date	: N/A
Reason For Change	: Going forward package multiples are changing for the eight 1206 and 1210 values below. Previously, the top six parts had come 2K per reel and the last two were 500 pcs per reel, but they will be moving to 2,500 and 1K respectively for new orders going forward. The reason for this change is that Kyocera is taking over manufacturing responsibility for each of these values for KAVX and their factory is set up to/supporting those sizes today.
