

867/4 Z TORX® B0 Take it easy bits with hole, TX 10 x 89 mm

Bits for Tamper-proof TORX® B0 Screws with safety pin

EAN:	4013288226495	Size:	89x6x6 mm
Part number:	05059568001	Weight:	12 g
Article number:	867/4 Z TORX® B0 Take it easy	Country of origin:	CZ
		Customs tariff number:	82079030

- For recessed TORX® screws with securing pin
- TORX® bit with bore hole on the output side
- Tough for hard materials
- 1/4" hexagon drive (Wera connecting series 4)
- Take it easy tool finder: colour coding according to profile and size

Premium bits for TORX® socket screws. TORX® B0 screws have a protruding pin in their drive profile. This prevents unauthorized loosening, as these screws cannot be operated with "normal" TORX® tools. Only special TORX® B0 tools have a bore which can mount the pin. Tough, for universal use. With colour coding by tip (green = TORX®) and size stamping for easy identification of the required bit. 1/4" hexagonal, suitable for holding tools as per DIN ISO 1173-F 6.3.

Bits for Tamper-proof TORX® B0 Screws with safety pin

"Take it easy" tool finder

"Take it easy" tool finder with colour coding according to profiles and size stamp - for simple and rapid accessing of the required tool.

TORX® with borehole (B0)

TORX® tools with a borehole prevent the unauthorised unfastening of safety screws. The screws contain a pin that protrudes into the drive profile so that "normal" TORX® tools cannot be used. This pin fits into the borehole of TORX® B0 tools allowing safety screws to be unfastened.

Tough-absorbing bits

Tough-absorbing Wera bits (Z) prevent any premature breakage of the drive tip.
