

# PowerCat Unloaded DataGate Patch Panels >

The Molex PowerCat Unloaded DataGate Patch Panels can be configured to provide the exact number of modular ports required. DataGate Category 5e UTP, Category 6 UTP, or Category 6A Shielded Jacks can be terminated to cable and then snapped into this DataGate patch panel. The patch panel and rear cable manager are constructed of cold-rolled steel for strength and durability.

## FEATURES & ADVANTAGES

Available in 1U 24P Flat, 1U 24P Angle, 2U 48P Flat, 2U 48P Angle

Easy snap in DataGate UTP or Shielded Jacks (sold separately)

Modularity provides installation flexibility

Front portable labeling

Individually removable patch panel ports

Removable cable management shelf ensures bend radius compliance

ANSI and metric hardware kit included

Ideal for use with industry standard 110 punch down tool
