

Holder for cutting inserts

for grooving, parting off and copy turning

Application:

For grooving, parting off and copy turning with cutting insert no. 17721-17723.

Execution:

- precision-ground 2-edge cutting insert

Advantage:

- precision-ground cutting geometry with excellent finish quality and long service life
- innovative cutting geometry for optimum chip breaking

Art. no.	17720 010
Brand	DIETERLE
Manufacturer Part Number	103524
ISO name	SSXC-06-1010
Suitable for indexable inserts with insert thickness	6 mm
Overall length with indexable insert	140 mm
Shank width	10 mm
Shaft height	10 mm
Tool design	Right
Gross Weight	0.108 kg
Product Group	192
