

## ESD Basic swivel work chair with glide runners

Fabric upholstery, ESD-capable in accordance with DIN EN 61340-5-1

bimos

### Application:

The ESD-compliant work chair makes a key contribution to reliable ESD protection measures at electronic workstations. An optimum choice of materials and joining technologies mean that BIMOS ESD Basic chairs are protected from electrostatic charge. It also ensures that any charge carried by the user is reliably transferred to the conductive base.

### Execution:

- Infinitely-variable and user-friendly seat height adjustment via pneumatic pressure spring with dust protection
- Ref. no. 143/146/149: Height-adjustable foot rest ring
- ESD-capable according to DIN EN 61340-5-1

### Advantage:

- Ergonomically-shaped permanent-contact backrests, height-adjustable
