

Milling insert XCN.
For high-feed milling cutter 16026

ATORN®

Delivery

Packaging unit: 10 pieces

Art. No.	16109 211
ISO name	XCNT 070308 SN-TR
Knife edge length	7.94 mm
Radius, theoretical	1.5 mm
Edge radius	0.8 mm
Indexable insert no.	1
Surface	Coated
Carbide type	HC4640
Material to be processed	Steel, Stainless steel
Suitable for material group P	Primary application
Suitable for material group M	Secondary application
Suitable for material group N	No application
Suitable for material group K	No application
Suitable for material group S	No application
Suitable for material group H	No application
