

TVAC10500

## Wall mounting bracket for TFT monitors

This stable wall mounting bracket with internal cable routing and flexible adjustable hinges allows you to mount your CCTV monitors in a professional way. Mounting the monitor to the wall saves space at the workplace and allows you to install a monitor in locations where there is no available desktop space.

### Product highlights:

- Convenient and stable wall mounting of TFT monitors
- VESA compatible
- Suitable for monitors from 8" to 26"
- Flexible adjustable hinges
