

Floor scales UFA

KERN

Application:

Flexible solution for large, voluminous or long weighing goods, thanks to freely positionable weighing scales and a 5 m (!) long connecting cable between the beams

Execution:

- High mobility: Battery operation (optional) and compact, lightweight design allow for use in multiple locations
- Weighing beams: Steel, painted, 4 silicon-coated aluminium load cells, dust and splash-water protection IP67, weighing beams also available as a component without evaluation unit, for details see KERN KFA-V20
- Sturdy handles for transporting the weighing beams
- Evaluation unit: For details, see KERN KFB-TM
- Table base including wall bracket for the evaluation unit as standard
- Combining weight values and countable parts

Advantage:

- versatile use, even for large loads

Delivery:

with table base including wall bracket for the evaluation unit, power supply unit and work protection cover, supplied in a robust wooden box

Art. no.	49000 121
Brand	KERN
Manufacturer Part Number	UFA 6T-3
Type description	UFA 6T-3
Max. weight measuring range	6000 kg
Digit increment, weight	2000 g
Digit height	52 mm
Data transmission type	RS232
Plate length	160 mm
Plate width	1200 mm
Plate size	160 x 1200 mm
Reproducibility	2 kg
Linearity	4 kg
Display type	LCD
Settling time scale	2 s
Material of cover panel	Steel
Gross Weight	104.000 kg
Product Group	447

EAN
